With renovations complete at Veterans Park, the City of Kannapolis now has an impressive urban park that offers a place of honor, tribute and quiet reflection for citizens and visitors to enjoy. The recent enhancements at the park also offer a beautiful community gathering place for concerts and special events.

The pavement design of the memorial plaza at the corner of Main St. and First St. includes a star with insignia acknowledging the five branches of military service. A monument recognizing all veterans is located in the middle of the star showcased by a bronze wreath.

Brick pathways lead to the fountain plaza with an eternal flame surrounded by a granite Ring of Honor. The Ring of Honor is engraved with over 1,700 names of those individuals from Rowan and Cabarrus counties, dating back to the Revolutionary War, who died in service.

Individuals and organizations can purchase engraved bricks, like the ones currently surrounding the Ring of Honor, to recognize those who have served or who want to show their patriotism to our country. Your contribution goes to support park improvements.
