OVERVIEW OF THE POLICE OFFICER SELECTION PROCESS

The Kannapolis Police Department will accept applications for sworn positions at any time. Applications are to be submitted to the City's Human Resource Department. They will be reviewed for qualifications and then forwarded to the Police Planner.

Selection for police employment is a lengthy process that may take up to six weeks or longer to complete and consists of the following steps:

1. Submission of the employment application to the City of Kannapolis.
2. Participation in pre-employment testing (physical abilities test, written exam and reading test).
3. Preliminary screening will be conducted on applicants who successfully complete all the required pre-employment testing.
4. Once the preliminary screening process is done, the Police Planner will send an interview letter to the chosen applicant which will include instructions to complete the Personal History Statement (F-3), On-Line Personal History Questionnaire and the credit history form. A job description for police officer and salary/ benefit information will be provided.
5. At the meeting with the Police Planner pre-background documentation will be collected for inclusion in the applicant's file. The Police Planner will also photograph and fingerprint the applicant.
6. Upon conclusion of the meeting with the Police Planner the applicant interviews with the Bureau Commander. Upon a positive recommendation, a conditional offer of employment may be extended to the applicant.
7. After interviewing with the Bureau Commander, applicant documentation is forwarded to a background investigator for the Comprehensive background investigation.
8. Upon completion of the background investigation and a positive recommendation for employment from the investigator, the applicant is notified to attend a qualifications appraisal interview.
9. Upon a positive recommendation by the appraisal board, the applicant will proceed to steps 10-14.
10. A polygraph examination.
11. Written Psychological testing.

12. A follow-up psychological interview.
13. A medical examination.
14. A drug screen.
15. A final interview with the Chief of Police.

Upon receipt of applications, the police planner will perform a partial screening process which includes a preliminary check of the applicant's criminal history and driver's history to determine any disqualifying factors.

The next step is to participate in the Police Officer Physical Abilities Test (POPAT). Applicants must complete an Agreement & Waiver of Liability and submit a Physician's Statement for the Police Department prior to participating in the pre-employment POPAT. The applicant will be provided a brochure showing a diagram of the test and an explanation of how the POPAT is performed. Failure to successfully pass the POPAT will result in disqualification.

Those who complete the POPAT will then take a pre-employment written test and reading test which are completed at the Police Department. Neither test requires any former police experience or any studying of police procedures prior to testing. The written test consists of general math, reading comprehension, grammar, and report writing. The written test will be graded the day of the test, and the applicant will be provided their score of pass or fail. Failure to successfully pass the written test will result in disqualification. The reading test will be taken upon successfully passing the written test and graded the same day. Failure to pass the reading test will result in disqualification.

Those who pass the pre-employment testing will then be thoroughly screened through the Division of Criminal Information (DCI) and other databases in an effort to locate any criminal history record.

Applicants who successfully pass the screening process will be provided employment information. This information will include:

- List of required documentation
- Instructions for completing the state mandated Personal History Statement (F-3) and the On-line Personal History Questionnaire (BRAINS Assessment)
- Applicant Credit History Report request form
- Job description for a Kannapolis Police Officer
- Applicant information to include current salary range for entry-level positions, employee benefits and a description of the application process.

Successful candidates will then be scheduled to come to the Police Department in order to be fingerprinted and photographed. The applicant will also be required to furnish a **certified copy** (the applicant is responsible for any costs or fees involved in obtaining certified copies) of the following documents:

- Birth certificate or naturalization papers.
- Social security card.
- Certification of high school graduation (diploma) or GED equivalency.
- A sealed transcript of grades from the registrar of academic institutions attended.
- All marriage licenses and divorce decrees.
- Form DD-214 military record and military discharge (if applicable).
- Copy of B.L.E.T. certificate (if applicable).
- Valid North Carolina driver's license for inspection and photocopying by the Police Department. If the applicant has or ever has had an out of state driver's license, the applicant must obtain a certified copy (master check) of the drivers record from each state that he/she has held a drivers license in.
- Certified true copy of any citation, warrant for arrest, criminal summons, or other criminal charge that constitutes a Class A Misdemeanor or Class B Misdemeanor, regardless of the state or jurisdiction where the offense occurred, as well as certified true copies of the final court disposition.
- Copy of any current law enforcement certifications from the NC Training and Standards Commission or Sheriff's Commission (if applicable).
- Home schooled applicants must obtain a verification record by having their home school administrator log in to their account here:
<https://www.dnpsys.nc.gov/NPEPublic/Default.aspx>

The On-Line Personal History Questionnaire (PHQ) results which has been reviewed by the FMRT Group will be provided directly to the Police Department and included in the applicant file. This questionnaire will be used as a background investigation tool and a predictor for specific job outcomes.

The candidate will then have an initial interview with the Bureau Commander having responsibility for the position to be filled. If the Bureau Commander determines that the applicant is a suitable candidate for further processing, a conditional offer of employment may be provided and is contingent upon the successful completion of the remaining steps in the process.

A background investigation will be conducted by a sworn officer trained in conducting such investigations.

Following the background investigation, the Bureau Commander will review the results. Candidates deemed suitable for further processing will be scheduled to appear before a Qualifications Appraisal Interview Panel. The Interview will determine such things as the applicant's appearance, demeanor, attitude, and ability to communicate. The Interview Panel will consist of at least three police officers, designated by the Chief of Police, who will question the applicant concerning the information contained in the Personal History Statement (Form F-3) and the background investigation report. The interview of each candidate will be conducted using standardized valid, useful, and non-discriminatory procedures. Each member of the Interview panel will evaluate the applicant using a standard evaluation form. These evaluations will be maintained as part of the applicant's file.

Upon a recommendation from the Qualifications Appraisal Interview Panel the candidate will complete the following:

-Polygraph examination. Information provided by the applicant on their personal history statement (form F-3) or developed during the background investigation will be verified by a polygraph examination. At the time of their initial interview applicants will be furnished a standard list of job-related questions. The polygraph operator will review the list of relevant questions with the applicant immediately prior to the testing. Polygraph examinations will be administered by only certified operators approved by the Department. Applicants will be requested to sign a consent form prior to the examination.

-Psychological testing. Applicants will be required to take a psychological exam and interview. A psychological interview will be conducted by a licensed psychologist designated by the agency. The psychologist conducting the evaluation will be required to submit a written report of their findings to the Police Department.

-Medical examination and Drug Screen. Medical examinations and drug screening tests will be performed by a licensed physician designated by the agency, using the medical history and medical examination report forms provided by the N.C. Criminal Justice Training and Standards Commission. This examination and drug screen will take place within 60 days prior to the date of employment.

Upon successful completion of all testing, the Chief of Police will review all documentation, assess the overall suitability of the candidate for law enforcement employment, and make a final decision regarding an offer of probationary employment. A final interview with the Chief will then be scheduled.
